

Our mission is to provide a reliable and safe background for all organizations participating in the Erasmus+ program to ensure the successful implementation of high-quality mobilities. Our goal is for the schools and other organizations cooperating with us to achieve the set learning outcomes and enrich them with numerous cultural and community experiences.

Dear Erasmus+ Coordinator,

Allow us to introduce the activities of Lemonas Hellas. Our company consists of three departments that together provide the professional background for Erasmus+ mobilities.

Our hotel, Hotel Aqua Star is located in the central part of Paralia Katerinis, just a few minutes' walk from the beach. The building is perfectly suited for hosting groups of up to 60 people. All of our rooms are equipped with private bathroom, kitchenette and balcony. Our restaurant provides breakfast, lunch and dinner for our groups and our guests receive a packed lunch on the days of cultural excursions. In the hotel lobby, groups can organize community activities, meetings or participate in professional presentations.

Our travel agency, Lemonas Travel, has decades of experience in providing high-quality tourism services. The agency can supply all the indirect services needed for our Erasmus+ groups, making the mobility experience more comfortable and valuable. We offer transportation with buses of different sizes for airport transfers, cultural excursions and transport to professional programs. In Northern Greece we provide exceptionally high-quality cultural experiences with professional guides.

Our newest department, the VET Pieria Team, is specifically dedicated to fostering Erasmus+ relations. Our staff has extensive experience in organizing Erasmus+ mobilities and program administration. In addition to providing comprehensive tourism services and cultural programs, the group offers participants of Erasmus+ programs the opportunity to implement their projects with foreign institutions that, in order to achieve project goals and learning outcomes, collaborate with organizations by following a professional program developed in partnership, tailored to the specific needs of educational institutions.

A family-like atmosphere and care await all of our Erasmus+ groups. Our goal is not only for foreign institutions to achieve their project learning outcomes but also for them to feel at home in a foreign country and return to us as friends in the future.

Contact us and we will help you at every stage of your project!

In hope of a fruitful future cooperation, sincerely yours

Lemonas Hellas team

PROFESSIONAL INTERNSHIPS (KA122-VET)

SHORT- AND LONG-TERM MOBILITIES FOR VET LEARNERS

The professional internships in Greece are designed to support the professional development of students based on institutional needs in an international environment. We offer internship placements for vocational students to carry out projects aimed at short-term and long-term learning mobility activities.

The professional programs are developed in collaboration with educational institutions to ensure they can be integrated into vocational training and that the results can be used by students when creating their portfolios, or preparing for their exams. Our goal is to expand our existing business partner network in the future to align it with the needs of educational institutions that contact us.

We know that most of the students coming to us have never been away from their families for such a long time. We strive to create a family-like atmosphere where they feel at home. Students and accompanying teachers can turn to us for help or simply for a conversation at any time of the day, 24/7.

3-4
weeks

PROFESSIONAL INTERNSHIPS (KA122-VET)

90
days

SHORT- AND LONG-TERM MOBILITIES FOR VET LEARNERS

We provide internship opportunities in the following fields for 3-4 weeks and 90-days periods for students from the vocational education. We constantly expand our offer according to the needs of our partner schools.

- Travel agency (administration, customer service, tour guiding)
- Hotel (waiter, chef, spa, housekeeping, reception)
- Kindergarten (pedagogical assistant)
- Carpentry workshop (furniture making)
- Agriculture (knowledge of mediterranean plants)
- Restaurants (restaurant, taverna and gyros restaurant - chef and waiter)
- Café
- Pastry shop (pastry chef)
- Retail stores (clothing store, souvenir shop)
- Riding school (horseman)
- Health sector (private medical practice)

PARTNERS IN SCHOOL EDUCATION PROJECTS (KA122-SCH AND KA210-SCH)

SHORT-TERM PROJECTS FOR MOBILITY OF LEARNERS AND SMALL-SCALE PARTNERSHIPS IN SCHOOL EDUCATION

We welcome inquiries from educational institutions planning short-term mobilities or partnerships for their students and staff, utilizing the opportunities offered by public education grants. Among our partners we have kindergartens, primary schools, and secondary schools that have previously collaborated as hosting institutions in Erasmus+ projects. We are open to any new ideas and are ready to assist institutions wishing to cooperate with us in developing and implementing these ideas.

Our partner organizations:

- Kindergartens
- Primary schools
- High schools
- Vocational schools
- Adult education
- Second chance schools

We search for partners for our local schools as well to join to other countries' small-scale partnership programmes.

JOB SHADOWING VISITS (KA122-SCH AND KA122-VET)

PROFESSIONAL VISITS OF STAFF IN SCHOOL EDUCATION AND VOCATIONAL EDUCATION

We assist in the design and implementation of job shadowing-type professional visits for staff members of educational institutions. Short-term mobility projects in the vocational education and public education sectors allow education professionals to familiarize themselves with the education system of a foreign country. By grouping the professional program elements around a theme chosen by the applicant institution, participants able to collect good practices that can potentially be integrated into their own systems.

Our partners include institutions that have already carried out mobility projects within the framework of professional visits with groups of education professionals from foreign institutions. We are happy to support local schools in gaining international experiences, which is why we regularly involve state schools with less Erasmus experience in our program.

Our partner organizations:

- Kindergartens
- Primary schools
- High schools
- Vocational schools
- Adult education
- Second chance schools
- Local companies (VET)
